HistoPot®

TAKING FIXATION OF BIOPSY SAMPLES TO A HIGHER STANDARD

Introducing **HistoPot**: our innovative range of pre-filled specimen containers

From modest beginnings back in 1990 the manufacture of **HistoPot** has been totally transformed from a manual to a fully automated operation.

HistoPot is used to transport millions of biopsy samples throughout the world.

HistoPot is today a world wide brand recognised for it's safety and reliability for transport of critical histopathological samples.

Why **HistoPot**?

- We supply a wide range of pot sizes.
- **HistoPot** containers are filled with top quality fixatives.
- **HistoPot** carries the CE ivd mark and comes with a Quality Control Certificate.
